

ITIL®4 Leader: Digital and IT Strategy

COURSE OVERVIEW

ITIL4 Strategic Leader (ITIL SL) is a stream of two modules that are part of ITIL 4, the next evolution of ITIL. ITIL SL recognizes the value of ITIL, not just for IT operations, but for all digitally-enabled services. Becoming an ITIL 4 Strategic Leader demonstrates that you have a clear understanding of how IT influences and directs business strategy.

ITIL Strategic Leader: Digital & IT Strategy will focus on the alignment of digital business strategy with IT strategy. The module also covers how disruption from new technologies are impacting organizations in every industry and how business leaders are responding. The pace of evolution in the digital world has never been so fast and organizations need to be flexible and adapt to the ever-changing environment if they want to keep providing value to their customers while remaining competitive in the marketplace.

Accredited training for the ITIL 4 Strategic Leader modules is mandatory to enable full understanding of the core material. All modules have ITIL 4 Foundation as a pre-requisite. In addition, the ITIL 4 Leader modules requires a minimum of three years of IT managerial experience.

As part of this course, all candidates will receive an exam voucher for the ITIL Leader: Digital and IT Strategy exam through Peoplecert. As of February 1, 2022, all exams will be administered in an online proctored format only. Exams can be scheduled at www.peoplecert.org.
